Mt. View Lodge, No. 179, I. O. O. F. held a splendid meeting on the 26th inst., L. D. Bockman, N. G. presiding. Quite a lot of routine business was dispatched.

The sick brothers were all reported to be getting along moderately well, except Bro. R. F. Pippin, who was reported as growing weaker. Bro. C. M. Buck met with the misfortune of his horse falling down with him and severely hurting his leg, which has laid him up for two weeks.

Bro. Robt. Thompson was reported as being badly hurt while hauling timber recently.

The initiatory was conferred upon three applicants in good style. One petitioner for the initiatory was elected. He perhaps will be initiated at the next meeting.

The committee on ways and means for hall building made a report, which was received, &c. The lodge has been requested to furnish a short history-roster of its 188 members to be placed in the cornerstone of the Dixie College on the 4th of Sept. at the great Labor day entertainment. All members who can should come and participate in the exercises on that day.

The women of the Cumberland Presbyterian Church met on Monday afternoon and organized what will be known as "The Cumberland Dorcas Society". The meeting was well attended, and Mrs. W. S. McDaniel, President; Mrs. Z. T. Hinds, Vice President; Miss Bessie Brown, Secretary and Treasurer.

GOOD ADVICE FOR ALGOOD PEOPLE

People in Algood who have constipation, sour stomach or gas on the stomach, should use simple buckthorn bark, glycerine, etc., as compounded in Adlerika, the new German appendicitis remedy. A SINGLE DOSE brings relief almost INSTANTLY because this simple mixture antisepticizes the digestive organs and drains the impurities. The Swallows Drug Co., Algood, Tenn.

I came to this place the first of July.

I am putting up a 6 foot band saw mill here for Ray and Jaynes.

There is from eight to ten million feet of pine to cut here and it will take three or four years to cut it out.

Ray and Jaynes will also install a day kiln to dry a part of the lumber. They will log the timber to the mill with a traction engine.

Mark Whitaker has moved his family to this place.

Money in the bank is a "friend in need." Money talks. Be business-like. The check system is the most dignified and business-like method of paying your bills and other obligations. It is one of the best ways to keep "tab" on yourself, to keep from spending a lot of money uselessly. Put all you get in the bank and check against it. In just a little while you will be surprised to see how much you save. Begin today.

had about four weeks ago by a limb falling on him while cutting timber, but he is about well now.

I am about 15 miles north of Calico Rock, the nearest railroad point and 18 miles south of the Missouri and Arkansas line.

This country is very rugged, and thinly settled in places.

There is some game here, such as, timber wolves, wild cats, foxes and wild turkey.

This is a very healthy country. I sure enjoy reading the letters

from Overton, Putnam and White counties Tennessee as I have lived in all three counties.
